

Ibrahim A. Badran

Medical Charity Foundation

Bringing Healthcare
to the furthest reaches
of Egypt.

Updated December 2024

OUR STORY

The Ibrahim Badran Foundation (IBF) was established in 2014 to honor Dr. Ibrahim Badran's vision of delivering healthcare to underprivileged communities across Egypt. Through medical convoys and satellite clinics, IBF ensures healthcare reaches those without access.

Guided by the belief that healthcare is a fundamental human right, IBF is dedicated to creating a future where medical services are accessible to everyone, regardless of their circumstances.

Vision

Provide proper quality healthcare to those who cannot afford or reach it, in governorates all across Egypt.

Mission

Deliver quality healthcare through our medical convoys, as well as our fixed and mobile clinics, with a working model that keeps pace with the development of modern technologies while preserving patients' privacy and dignity.

Objective

Bridging the gap between proper healthcare and underprivileged patients by expanding and diversifying the provision of medical convoys, as well as our fixed and mobile clinics, developing these services and working towards their sustainability.

Team

The Heart of Our Foundation

IBF's success stems from its dedicated team, including medical professionals, non-medical volunteers, and skilled full-time staff. Together, they tirelessly serve thousands of patients across **Egypt's** governorates, bringing transformative healthcare to underprivileged communities.

Volunteers

The Driving Force Behind Our Mission

IBF's **1,600+** volunteers are integral to every stage of our operations, from planning to executing medical services. Their expertise and commitment ensure high-quality care and seamless execution, empowering us to serve communities efficiently.

Medical Convoys Reaching Communities, Changing Lives:

With over **805+** medical convoys, IBF has impacted more than **859,903+** patients across **26** governorates. Our monthly and weekly missions, supported by six **Mobile Health Clinics**, provide accessible and comprehensive care.

In addition to general medical support, **IBF** organizes specialized medical convoys tailored to specific health needs, such as diabetes care convoys, ophthalmology convoys, and others. These focused missions ensure that patients receive targeted, high-quality treatment for chronic and specialized conditions.

Satellite Clinics

Sustainable, Accessible Healthcare

IBF operates eight fixed satellite clinics across Egypt's governorates, offering diagnosis, treatment, follow-ups, and surgeries referrals. Equipped with telemedicine technology to connect patients in rural areas to specialists in Cairo, delivering care close to home.

Currently located in **Cairo, Fayoum, Beni Suef, Qena, Luxor, Edfu, Aswan and Qalyubia**. **IBF** is set to expand with four new clinics in **Giza, Minya, Beni Suef, and Marsa Matrouh** during **2025**.

Surgeries

Transforming Lives Through Surgery

IBF has conducted over 1,800+ surgeries, guiding patients through diagnosis, procedures, and post-surgery care. A dedicated team ensures personalized support at every step, fostering trust and recovery.

Event Medical Coverage

Ensuring Safety at Events

IBF provides medical support for sports and educational events, ensuring trained personnel are present to handle emergencies and deliver prompt care.

Memorials

Turning Grief into Hope

IBF helps families honor loved ones by channeling their contributions into meaningful initiatives, such as medical convoys, clinic setups, and equipment donations, volunteering events, spreading hope and healing.

IMPACTFUL INITIATIVE

TRANSFORMING LIVES, SPREADING HOPE

Your Health, Your Life

PARTNER: APACHE CORPORATION | MATROUH

In partnership with **Apache Corporation**, this initiative expanded healthcare in Matrouh through medical convoys, surgeries, and a fixed satellite clinic, ensuring a lasting impact. In **2024**, it benefited **16,335** beneficiaries and performed **24** surgeries.

Take Charge of Your Health

PARTNER: HALEON
QALYUBIA, GIZA, FAYOUM, SHARQIA, ISMAILIA

In collaboration with **Haleon**, this project empowered over **10,000** beneficiaries across **five governorates** with health awareness in oral hygiene, exercise, and nutrition. Haleon-supported efforts included **18,639** examinations and introduced an innovative approach, assessing beneficiaries' awareness before and after sessions to enhance program effectiveness.

Our Children, Our Future

PARTNER: CIB FOUNDATION
GIZA, FAYOUM, BENI SUEF, ASWAN

Over **three years**, this partnership with CIB Foundation has provided care to **218,715 children** and conducted **701 life-changing surgeries**. This project has brought transformative success stories, especially in complex surgeries that significantly improved lives.

Children's Wellness

PARTNER: CRÉDIT AGRICOLE EGYPT FOUNDATION
FOR DEVELOPMENT (CAEFD) | NATIONWIDE

Through the “**Children's Wellness**” project, IBF has delivered medical care, health education, and psychological support to over **55,522 children** across **439 orphanages** in all **26 governorates** over the past **three years**. The program also enhanced infrastructure to improve the quality of care.

Support Elderly Homes with Quality Medical Care

PARTNER: QNB | CAIRO AND GIZA

In partnership with QNB, IBF dispatched **10 medical convoys** to elderly homes, providing medical and psychological support. The initiative referred cases for surgeries and ensured sustained care for **50 elderly beneficiaries** at the IBF Cairo Clinic.
